PROCUREMENT ASSESSMENT			
Policy compliance	Non-Compliant	Partial with weaker commercial position	Full
Flexibility assessment	Moderate flexibility	Lower flexibility	Higher flexibility
Operational risk	Elevated	Moderate to elevated	Elevated
Procurement assessment	Best cost-control and approval balance among reviewed options.	Lowest entry price, but less resilient if itinerary changes are required.	Improved flexibility profile at a higher executive review price point.
Analyst note	Recommended on balance rather than on lowest price alone.	Best suited only where lowest initial spend is the overriding criterion.	Viable where policy can accommodate a premium for improved conditions.
